Dear Mr Plumpton

I spoke to Louise earlier, who was working at home.

Norfolk Trading Standards along with Environmental Health are enforcing the above legislation.

As a manufacturing business you are exempt from closure, however you still need to follow the Government guidelines under the legislation below.

Please follow the guidelines at [Health Protection \(Coronavirus Business Closure\) \(England\) Regulations 2020](#) - link

This includes observing the following health guidelines:

- ensuring you take every step to enable staff to work from home;
- any staff required to work at the premises are fit to do so;
- social distancing, working 2 metres apart is enforced;

I note that you have a canteen. I have referred this to Environmental Health as required to do so.

Phil Childs, Trading Standards Officer

Norfolk Trading Standards
